<b>Explanations</b>	

Turkey's Automobile Joint Venture Group ("Togg"), in which our company has a 23% participation rate, has become ready for mass production with the official opening of Gemlik Campus on October 29. Commercial sales are planned to start in March 2023. Togg is a future technology company that designs electric vehicles, builds a mobility ecosystem around these vehicles, and aims to create a sustainable future by making life easier for the masses thanks to this ecosystem. The company, which will have a production capacity of 175 thousand units per year and will employ 4 thousand 300 people when these production numbers are reached, aims to produce a total of 1 million vehicles from 5 different models until 2030.

We proclaim that our above disclosure is in conformity with the principles set down in "Material Events Communiqué" of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we're personally liable for the disclosures.
