#### NOTE 2 - BASIS OF PRESENTATION OF FINANCIAL STATEMENTS

##### Basis of Preparation of Financial Statements

The accompanying interim condensed consolidated financial statements are prepared in accordance with Communiqué Serial II, No:14.1, "Principles of Financial Reporting in Capital Markets" ("the Communiqué") published in the Official Gazette numbered 28676 on 13 June 2013. According to Article 5 of the Communiqué, interim condensed consolidated financial statements are prepared in accordance with the Turkish Accounting Standards (TAS) issued by Public Oversight Accounting and Auditing Standards Authority ("POAASA"). TAS contains Turkish Accounting Standards, Turkish Financial Reporting Standards ("TFRS") and its addendum and interpretations ("IFRIC").

The interim condensed consolidated financial statements of the Group are prepared as per the CMB announcement of 7 June 2013 relating to financial statements presentations. Comparative figures are reclassified, where necessary, to conform to changes in the presentation of the current year's interim condensed consolidated financial statements.

In compliance with the TAS 34, entities have preference in presenting their interim consolidated financial statements whether full set or condensed. In this framework, Group preferred to present its interim consolidated financial statements in condensed.

Group's interim condensed consolidated financial statement does not include all disclosures and notes that should be included at year-end financial statements. Therefore the interim condensed consolidated financial statements should be examined together with the year-end financial statements.

(Currency – Thousands of Turkish Lira (TRL) unless otherwise indicated)

#### **NOTE 2 - BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (cont'd)**

##### **Basis of Preparation of Financial Statements (cont'd)**

The Company and its Turkish subsidiaries, associates and joint ventures maintain their books of accounts and prepare their statutory financial statements in accordance with the Turkish Commercial Code (“TCC”), tax legislation, the Uniform Chart of Accounts issued by the Ministry of Finance and principles issued by CMB. The foreign subsidiaries maintain their books of account in accordance with the laws and regulations in force in the countries in which they are registered. These interim condensed consolidated financial statements have been prepared under historical cost conventions except for financial assets and financial liabilities which are carried at fair value. The consolidated financial statements are based on the statutory records, which are maintained under historical cost conventions, with the required adjustments and reclassifications reflected for the purpose of fair presentation in accordance with TAS.

##### **Financial Reporting in Hyperinflationary Economies**

In accordance with the CMB resolution issued on 17 March 2005, listed companies operating in Turkey are not subject to inflation accounting effective from 1 January 2005. Therefore, the interim condensed consolidated financial statements of the Group have been prepared accordingly.

##### **Functional and Presentation Currency**

###### **(a) Functional and presentation currency**

Items included in the financial statements of each of the group’s entities are measured using the currency of the primary economic environment in which the entity operates (‘the functional currency’). The interim condensed consolidated financial statements are presented in ‘TRL’, which is the group’s presentation currency.

###### **(b) Transactions and balances**

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in the income statement, except when deferred in other comprehensive income as qualifying cash flow hedges and qualifying net investment hedges. Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the interim income statement within ‘financial income or expense’. All other foreign exchange gains and losses are presented in the interim income statement within ‘Other operating income/expense’.

###### **(c) Group companies**

The results and financial position of all the group entities (none of which has the currency of a hyper-inflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

(i) assets and liabilities for each balance sheet presented are translated at the closing rate at the date of that balance sheet;

(ii) income and expenses for each income statement are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the rate on the dates of the transactions); and

(iii) all resulting exchange differences are recognized in other comprehensive income.

##### Significant Accounting Policies

The interim condensed consolidated financial statements for the period ended March 31, 2014 have been prepared in accordance with the accounting policies consistent with the accounting policies used in the preparation of annual consolidated financial statements for the year ended December 31, 2013, except the issues mentioned below. Accordingly, these interim condensed consolidated financial statements should be read in conjunction with the annual consolidated financial statements for the year ended December 31, 2013.

##### Comparative Information and Restatement of Prior Period Financial Statements

The interim condensed consolidated financial statements of the Group include comparative financial information to enable the determination of the trends in the financial position and performance. Comparative figures are reclassified, where necessary, to conform to changes in presentation in the current period consolidated financial statements and significant changes are explained. Comparative figures have been reclassified to conform to changes in presentation in the current period consolidated financial statements. The amount, the reason and the nature of the reclassifications are stated below:

Change in control of CCI and CCBPL in Anadolu Efes, an associate of the Company, was accounted in accordance with IFRS 3 “Business combinations”, consequently CCI and CCBPL has been included in full consolidation starting from 1 January 2013.

Since fair value accounting of these purchase transactions were in progress as of March 31, 2013, goodwill accounting which was provisionally recorded to March 31, 2013 interim financial statements is restated and fair value accounting is reflected to prior period financial statements in accordance with IFRS 3 “Business Combinations”. - Foreign exchange loss from trading activities amounting TRL 219 which were disclosed under financial expense in previous periods are reclassified to other operating expense,
- Rediscount expense from trading activities amounting to TRL 1.662 which were disclosed under revenue in previous periods and rediscount income from trading activities amounting to TRL 29 which were disclosed under cost of sales in previous periods are reclassified to other operating expense and other operating income.

##### **Seasonality of Operations**

Due to higher consumption of beer and soft drinks during the summer season, the interim condensed consolidated financial statements of Anadolu Efes, an associate of the Company, may include the effects of the seasonal variations. Therefore, the results of “Investments accounted through equity method” account for the first three months up to March 31, 2013 may not necessarily constitute an indicator for the results to be expected for the overall fiscal year.

##### **Changes in Accounting Policies**

###### **New standards and interpretations**

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements as at March 31, 2014 are consistent with those followed in the preparation of the consolidated financial statements for the year ended 31 December 2013, except for the adoption of new standards and IFRIC interpretations summarized below.

###### **New standards, amendments and IFRIC/IFRICs applicable in annual periods beginning on or after 1 January 2014 :**

- Amendment to IAS 32, ‘Financial instruments: Presentation’, on asset and liability offsetting is effective for annual periods beginning on or after 1 January 2014. These amendments are to the application guidance in IAS 32, ‘Financial instruments: Presentation’, and clarify some of the requirements for offsetting financial assets and financial liabilities on the balance sheet.
- Amendments to IFRS 10, 12 and IAS 27 on consolidation for investment entities is effective for annual periods beginning on or after 1 January 2014. These amendments mean that many funds and similar entities will be exempt from consolidating most of their subsidiaries. Instead, they will measure them at fair value through profit or loss. The amendments give an exception to entities that meet an ‘investment entity’ definition and which display particular characteristics. Changes have also been made IFRS 12 to introduce disclosures that an investment entity needs to make.
- Amendment to IAS 36, ‘Impairment of assets’ on recoverable amount disclosures is effective for annual periods beginning on or after 1 January 2014. This amendment addresses the disclosure of information about the recoverable amount of impaired assets if that amount is based on fair value less costs of disposal.
- Amendment to IAS 39 ‘Financial Instruments: Recognition and Measurement’ - ‘Novation of derivatives is effective for annual periods beginning on or after 1 January 2014. This amendment provides relief from discontinuing hedge accounting when novation of a hedging instrument to a central counterparty meets specified criteria.

### NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS AS AT MARCH 31, 2014

(Currency – Thousands of Turkish Lira (TRL) unless otherwise indicated)

#### NOTE 2 - BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (cont'd)

##### **New standards, amendments and IFRIC/TFRICS applicable in annual periods beginning on or after 1 January 2014 : (cont'd)**

- IFRIC 21, 'Levies' is effective for annual periods beginning on or after 1 January 2014. This is an interpretation of IAS 37, 'Provisions, contingent liabilities and contingent assets'. IAS 37 sets out criteria for the recognition of a liability, one of which is the requirement for the entity to have a present obligation as a result of a past event. The interpretation clarifies that the obligating event that gives rise to a liability to pay a levy is the activity described in the relevant legislation that triggers the payment of the levy.

##### **New and amended standards and interpretations issued as of 31 March 2014 but not effective:**

- Amendment to IAS 19 regarding defined benefit plans; is effective for annual periods beginning on or after 1 July 2014. These narrow scope amendments apply to contributions from employees or third parties to defined benefit plans. The objective of the amendments is to simplify the accounting for contributions that are independent of the number of years of employee service, for example, employee contributions that are calculated according to a fixed percentage of salary.
- Annual improvements 2012; is effective for annual periods beginning on or after 1 July 2014. These amendments include changes from the 2010-12 cycle of the annual improvements project, that affect 7 standards:
  - IFRS 2, 'Share-based payment'
  - IFRS 3, 'Business Combinations'
  - IFRS 8, 'Operating segments'
  - IFRS 13, 'Fair value measurement'
  - IAS 16, 'Property, plant and equipment' and IAS 38, 'Intangible assets'
  - IFRS 9, 'Financial instruments', IAS 37, 'Provisions, contingent liabilities and contingent assets'
  - IAS 39, 'Financial instruments – Recognition and measurement'
- Annual improvements 2013; is effective for annual periods beginning on or after 1 July 2014. The amendments include changes from the 2011-2-13 cycle of the annual improvements project that affect 4 standards:
  - IFRS 1, 'First time adoption'
  - IFRS 3, 'Business combinations'
  - IFRS 13, 'Fair value measurement' and
  - IAS 40, 'Investment property'.
- IFRS 9 'Financial instruments' – classification and measurement; is effective for annual periods beginning on or after 1 January 2018. This standard on classification and measurement of financial assets and financial liabilities will replace IAS 39. IFRS 9 has two measurement categories: amortised cost and fair value. All equity instruments are measured at fair value. A debt instrument is measured at amortised cost only if the entity is holding it to collect contractual cash flows and the cash flows represent principal and interest. For liabilities, the standard retains most of the IAS 39 requirements. These include amortised-cost accounting for most financial liabilities, with bifurcation of embedded derivatives.

The main change is that, in cases where the fair value option is taken for financial liabilities, the part of a fair value change due to an entity's own credit risk is recorded in other comprehensive income rather than the income statement, unless this creates an accounting mismatch. This change will mainly affect financial institutions.

**NOTE 2 - BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (cont'd)**

**New and amended standards and interpretations issued as of 31 March 2014 but not effective (cont'd)**

- Amendments to IFRS 9, 'Financial instruments', regarding general hedge is effective for annual periods beginning on or after 1 January 2018. These amendments to IFRS 9, 'Financial instruments', bring into effect a substantial overhaul of hedge accounting that will allow entities to better reflect their risk management activities in the financial statements.
- IFRS 14, "Regulatory deferral accounts" is effective for annual periods beginning on or after 1 January 2016. The amendment permits first-time adopters to continue to recognise amounts related to rate regulation in accordance with their previous GAAP requirements when they adopt IFRS. However, to enhance comparability with entities that already apply IFRS and do not recognise such amounts, the standard requires that the effect of rate regulation must be presented separately from other items. IFRS 14 has not been issued by POAASA.

The Group will assess the impact of the changes on the operations and will apply as of the effective date.

**NOTE 5 - SEGMENT REPORTING**

The Group is organized and primarily managed in three principal segments: Automotive (including passenger vehicles, commercial vehicles, generators, spare and component parts, motor vehicle lease); retailing (stationery, chain restaurant management, information technologies and tourism) and other (trade, asset management, real estate, energy).

Since segment reporting and information used in the Group management reporting is consistent with consolidated balance sheet and consolidated income statement the Group does not need to perform reconciliation between the consolidated income statement, consolidated balance sheet and the segment reporting disclosure.

(\*) Anadolu Efes, an associate of the Group, and the Coca Cola Export Corporation (TCCEC) which owns the 20,09% of Coco-Cola İçecek A.Ş. (CCI) has signed Shareholder Agreement related with the management of CCI. Anadolu Efes and TCCEC have decided to modify provisions of CCI's Articles of Association in particular those described as "major decisions". As a result of such amendment, TCCEC will have certain protective rights on such major decisions in accordance with the Shareholders Agreement. In addition to this, it was decided to amend CCBPL's (Coca-Cola Beverages Pakistan Ltd) Shareholders Agreement and the amendment process was completed in March 2013. As a result of such amendment which is effective from January 1, 2013, control power of CCBPL was transferred to CCI and CCBPL is included in CCI financials by using full consolidation method.

In accordance with IFRS, these transactions, which in fact do not include any consideration transferred, are accounted for as a business combination. With the change in scope of consolidation, the difference between the fair value and carrying value of CCI and CCBPL net assets, and also the currency translation differences, minority put option liability reserve, cash flow hedge reserve, actuarial gain/(loss) and other reserves attributable to previously held shares is recognized in the interim consolidated income statement as of March 31, 2013 under "Gain/(Loss) from Investments Accounted Through Equity Method" as a profit share from Anadolu Efes, which is amounting to TRL 769.410.

##### Restricted Reserves Allocated from Net Profit, Revaluation and Remeasurement (Loss) / Gain

The legal reserves consist of first and second legal reserves in accordance with the Turkish Commercial Code. The first legal reserve is appropriated out of the statutory net income (inflation-restated income in accordance with CMB at the rate of 5%, until the total reserve reaches a maximum of 20% of the Company's issued capital (inflation restated issued capital in accordance with the communiqués and announcements of CMB). The second legal reserve is appropriated at the rate of 10% of all distributions in excess of 5% of the Company's issued capital (inflation restated capital in accordance with CMB). The legal reserves are not available for distribution unless they exceed 50% of the issued capital, other than that legal reserves cannot be used.

Quoted companies are subject to dividend requirements regulated by the Capital Markets Board of Turkey. Based on the CMB Decree 1/6, dated January 9, 2009, companies that take their consolidated financial statements as basis for their distributable profit, shall consider the profits of their subsidiaries, joint ventures and associates to the extent that such profits do not exceed the amount recorded in the statutory financial statements of these companies and without considering whether a profit distribution resolution is taken at their annual general meetings. Such profits as reported in the financial statement as per Communiqué shall be subject to distributable dividend computations.

As a result of the decision of CMB on January 27, 2010, there are no obligations for the minimum dividend payments subject to public incorporated companies whose shares are traded in the stock exchange.

**NOTE 20 - TAX ASSETS AND LIABILITIES**

The Group is subject to taxation in accordance with the tax procedures and the legislation effective in the countries in which the Group companies operate.

The corporation tax rate for the fiscal year is 20% in Turkey (2013: 20%). Corporate tax returns are required to be filed until the twenty-fifth of the fourth month following the balance sheet date and paid in one installment until the end of the related month. The tax legislation provides for a provisional tax of 20% (2013: 20%) to be calculated and paid based on earnings generated for each quarter. The amounts thus calculated and paid are offset against the final corporate tax liability for the fiscal year.

According to the Turkish Tax Law, corporate tax losses can be carried forward for a maximum period of five years following the year in which the losses were incurred. The tax authorities can inspect tax returns and the related accounting records for a retrospective maximum period of five years.

In Turkey, the tax legislation does not permit to file a consolidated tax return. Therefore, provision for taxes, as reflected in the consolidated financial statements, has been calculated on a separate-entity basis.

The Company and its subsidiaries other than McDonald's and Hamburger are obligated to donate 1% - 5% of their profit before corporate tax and such fiscal obligations to Anadolu Eğitim ve Sosyal Yardım Vakfı as stated in the entities' foundation agreements as long as these donations are exempt from tax. As of March 31, 2014, donations amount to TRL 540 (March 31, 2013: TRL 575).

#### NOTE 22 - NATURE AND LEVEL OF RISKS ARISING FROM FINANCIAL INSTRUMENTS

##### Financial Risk Management Objectives and Policies

##### General

The Group's principal financial instruments comprise bank borrowings, finance leases, and cash and short-term deposits. The main purpose of these financial instruments is to raise finance for the Group's operations. The Group has various other financial instruments such as trade debtors and trade creditors, which arise directly from its operations.

The main risks arising from the Group's financial instruments are foreign currency risk, interest rate risk, price risk, credit risk, and liquidity risk. The Group manages these risks as stated below. The Group also monitors the market price risk arising from all financial instruments.

##### Foreign currency risk

The Group predominantly operates in Turkey.

The following table summarizes the exchange rate of Turkish Lira to 1 USD and 1 EUR:

		Exchange buying rate at December 31, 2013	Average exchange buying rate in the period	Exchange buying rate at March 31, 2014
TRL /USD	Turkey	2,1343	2,2146	2,1898
TRL /EUR	Turkey	2,9365	3,0342	3,0072

Çelik Motor, a subsidiary of the Group, hedges its foreign exchange risk on commitments to provide operational leasing services resulting from off balance sheet foreign currency denominated operating lease receivables (hedged item) with foreign currency denominated loans (hedging instrument). Except for that the Group does not hedge investments, receivables, accounts payables, lease obligations and borrowings denominated in a foreign currency. The Group does not hedge their estimated foreign currency exposure in respect of sales and purchases.

Foreign currency risk arises from the EUR, USD, GBP, JPY, CAD, NOK denominated assets and liabilities of the Group. The Group has transactional currency exposures. Such exposures arise from sales or purchases or borrowings by the Group in currencies other than the Group's functional currency. The Group manages foreign currency risk by using natural hedges that arise from offsetting foreign currency denominated assets and liabilities.
